

# PLATTO

## Drip collection plateau for oil/water separators

### PRODUCT FEATURES

The JORC PLATTO increases the service friendliness of oil/water separators as it collects the condensate that might otherwise be spilled during oil/water separator maintenance. The PLATTO keeps the factory clean of oil drips and spillages.

When oil/water separators are being serviced, it is important that condensate, that is drained from the unit or when elements are lifted out of the separator, does not contaminate your customers factory floor.

The PLATTO ensures that your customers plant stays clean and no unnecessary pollution occurs during the element change procedure.

The forklift slots are ideal in relocating the PLATTO if desired.

The JORC PLATTO can be used with all JORC oil/water separators and the compact size and light weight allow for easy transportation.

### COMMERCIAL BENEFITS

- Collects oil/condensate spillage(s) during routine maintenance
- Safeguards the environment of your customers facility
- Two models cover all JORC oil/water separators
- Offering you an add-on sale opportunity to all currently installed oil/water separators

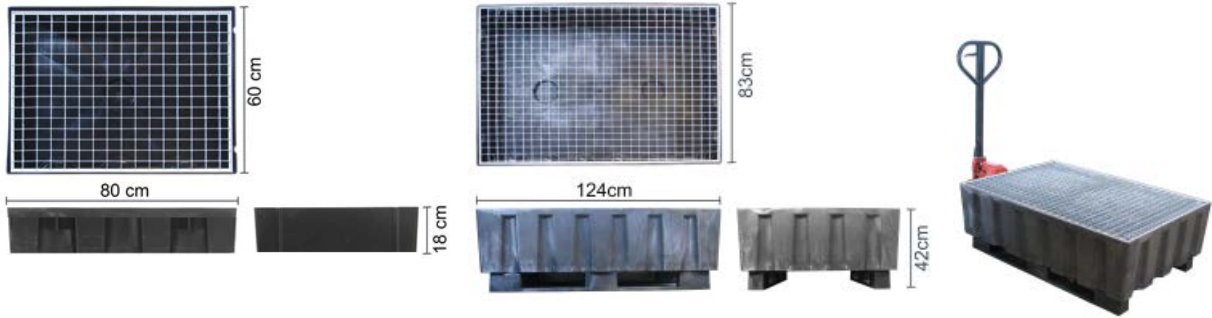

### TECHNICAL ADVANTAGES

- Easy to handle due to its lightweight and compact size
- Forklift slots for easy relocating
- Large spillage reservoir
- High resistance to oils, acids, alkalis and other aggressive substances
- Collection capacity of maximum 60 or 225 liters, depending on the model

# PLATTO

Drip collection plateau for oil/water separators

## DIMENSIONS

Fork lift slots

## SPECIFICATIONS PLATTO 70

*Suitable for SEPREAM 5, 10 and PURO-CT range*

Dimensions (external)	80 * 60 * 18 cm
Colour	Black
Weight	16 KG
Moisture collection capacity	60 Liters
Capacity / distributed load	150 KG
Material	PE
Grid	Galvanized steel

## SPECIFICATONS PLATTO 225

*Suitable for SEPREAM 20, 30 and 60*

Dimensions (external)	124 * 83 * 42 cm
Colour	Black
Weight	35 KG
Moisture collection capacity	225 Liters
Capacity / distributed load	500 KG
Material	PE
Grid	Galvanized steel
Forklift slots	Sleds
